## FIFTY ROADS GRANT INCREASE OF WAGES

Railway Conductors and Trainmen Granted Flat Increase in Pay of 10 Per Cent

Chicago, Ill., Dec. 29.—Conductors and trainmen on fifty railroads running north, south and west of Chicago were granted a flat increase in wages of 10 per cent today. The increase was granted after a month's negotiation and affects 75,000 members of the Brotherhood of Railway Trainmen and the Order of Railway Conductors, and will mean an added expense of \$5,000,000 a year to the railroads. The increase becomes effective from this morning.

Canadian trainmen will be affected, the employees of the Canadian Northern being represented in the conference. The employees of this road are in the peculiar position of being granted a raise for which they had not asked. When the move for an increase was begun the Canadian Northern employees refused to join, fearing the defeat of the plan.

The management of the road, however, co-operated with the other roads and agreed to the increase.

### HADLEY'S NEW IDEA

Kansas City, Mo., Dec. 29.—Governor Hadley announced today that he has decided to substitute lectures by experts for written messages by himself to make known to the legislature the needs of the various state institutions. He said experience had shown that messages written by governors on the needs of state institutions are not very effective.
